FORTY-FOURTH YEAR NO. 4.

CEDARVILLE, OHIO, WEDNESDAY, JANUARY 21, 1921

PRICE, \$1.50 A YEAR

## FARMERS' WEEK JAN. 31 TO FEB. 4

Farmers' week, the time when most of the Ohio state agricultural organizations hold their annual meetings and the Ohio State University offers a week's educational program for both men and women, will be held this year from January 31 to February 4 at Columbus.

This will be the ninth annual event of this kind and each year it grows larger. Last year more than 6000 persons gathered and registered.

There will be a special program for farm women. There will be general interest in the program throughout the week. There will be a demonstration of farm lighting and water supply systems as well as household labor saving equipment. Another display of interest to women will be the style show to be held February 1.

Monday will be cattle day for dairy breeds, Tuesday sheep day, Wednesday, horse day, Thursday, swine day, and Friday, beef cattle. A cattle and horse show and judging demonstration of different classes of live stock will form parts of the program.

There will be more than 180 speakers on the program.

Following are the dates of the organization meetings to be held during the week:

Ohio State Corn and Grain show and Ohio Beekeepers' association, Jan. 31 to Feb. 4.

Ohio Forestry association, Ohio Sheep and Wool Growers' association and conference of Central Ohio Community Choral association, Feb. 1.

Ohio State Horticultural society and Ohio Holstein-Friesian Breeders' association, Feb. 1 and 2.

Ohio Farm Bureau Federation, February 1, 2 and 3.

Ohio Poultry association, Ohio Guernsey association and Ohio Pomeranian and Belgian Breeder's association, Feb. 2.

Ohio Vegetable Growers' association, Feb. 2 and 3.

Ohio State Dairywomen's association and Ohio Rural Life association, Feb. 2, 3 and 4.

Ohio Jersey Cattle club, Ohio Seed Improvement association, Ohio Duroc Jersey Breeders' association, conference of farmers' institute workers and state Federation of Farm Women's clubs and a conference of the entomological workers of Ohio, Feb. 3.

GRAND JURY REPORTS.

The grand jury was called for Monday and indictments were returned against John Walters, driver of a Cottage bakery, Springfield, truck, who killed George Parsons, Yellow Springs for manslaughter.

Orlo Holden, Fairfield, was indicted for carrying concealed arms. He is in the hospital suffering from shot wounds at the hands of Marshal Schneider of Osborn. But two cases were considered. Dr. B. R. McClellan was foreman of the jury and in the report urged heavier fines be levied against offenders.

## TO HONOR 18 CORN KINGS AT COLUMBUS

In Connection With Farmers' Week at Ohio State University, Jan. 31 to Feb. 4.

COLUMBUS, O.—(Special).—Members of the 100 Bushel Corn Club of Ohio will be conferred on 18 Ohio corn growers during Farmers' Week at the Ohio State University from Jan. 31 to Feb. 4.

The highest yield in the state the past season so far as officially checked was that of Leslie Brown of Leitch Brown of Leitch, Highland county. His average yield was 123.24 bushels per acre on 10 acres when shelled and reduced to a uniform moisture content of 80 per cent.

As usual the educational program of Farmers' Week and the meetings of the 50 state agricultural associations held during the week will be closely interwoven, so that the whole will present a mammoth continuous program from 9 o'clock each morning to late in the evening. Several sessions will be held simultaneously, thus enabling the thousands of visitors to choose the lectures, demonstrations, and educational entertainment of most interest to them. Over 175 of the most outstanding farmers, teachers and investigators throughout the Middle West will offer instruction.

Style Show Arranged.

One of the several exhibitions of outstanding interest is that of the style show for farm women. Millinery, as well as dresses of different types, will be displayed on living models.

The Ohio State Corn Show and the home convenience shows are attracting an unusual number of exhibitors.

Curtains repaired at Wolford.

## CLARK COUNTY WANTS REDUCTION

Representatives of the Clark County Farm Bureau have been selected to represent the farmers in opposing a re-valuation of farm land and also ask for a reduction since the values were greatly increased last year.

The committee consists of C. N. Crabbill, W. S. Thomas and Howard Smith.

The revaluation last year was made by Auditor McKimsey over the protests of farmers. Now McKimsey has resigned and the Springfield Sun in a strong editorial goes after the manner of appointing a successor.

Clark county has three county commissioners, but it so happens that two of them are strong supporters of anything McKimsey has done or wants. The auditor and two commissioners, Stewart and Mellinger decided upon a successor to McKimsey before anyone knew that the auditor was to resign. Commissioner Frank Mills was not consulted. The result of this stay proceeding was that a young man 25 years old and with only a few months experience, has been chosen for the next auditor.

Politics cuts many funny capers. It was Mills that opposed the revaluation in that county last year, yet the rural townships turned him down for Mellinger. Stewart was also defeated.

ROSS INSTITUTE.

Ross township opens Monday, Jan. 24 in the high school auditorium and there will be two sessions during the day, one that evening and two the next day. The program opens with invocation by Rev. R. C. Davis, Bishop of the Farm by Mrs. Marx and "Safety First Policies" by C. H. Swan.

Monday afternoon Mr. Swan speaks on "Time and Clover"; Clyde Northrup gives a poultry talk and Mrs. Marx speaks on "How the University Can Help the Home. The school and the Jeffersonville orchestra furnishes the music for the day.

The night session Ford Prince will talk on "The Farm Bureau" and J. H. Kaufmann of Montgomery county will give an address. Music by the Cedarville College quartette and the Jeffersonville orchestra.

Tuesday morning "A Woman's Work" by Mrs. Marx and appointment of committees.

During the afternoon C. H. Swan will talk on "Wheat and Cost of Growing" and Mrs. Marx on "A Community Experience". O. A. Dobbins on "The Breeding and Feeding of Purebred Hogs."

CHARLES TURNER IS NOW CONSTABLE

The township trustees appointed Charles Turner as constable at the meeting Monday evening to fill the vacancy caused by the death of James Bailey. Some of Raymond Ritenour's friends had in mind recommending him for that position but the trustees acted before his names could be presented. While Mr. Ritenour did not know just what was up we imagine he regrets exceedingly that his friends were tardy in making the suggestion.

TEN RIPPLES A MINUTE IN THIS LECTURE

Strickland Gillilan, one of America's greatest press and platform humorists, will give his lecture, "Sunshine and Awkwardness" at the Ross twp. school building, Monday, Jan. 31.

When he appeared in Columbus, O., for the fourth time in January, 1915, the Ohio State Journal gave nearly a column to a report of the lecture. "Gillilan created laughter at the rate of ten ripples a minute and an outburst at least every two minutes," commented the State Journal.

## THE UNKINDEST CUT OF ALL

Jamestown people were treated to an unusual thing some days back when John Baughn, post office candidate, was buried in effigy following the appointment of Larson O'Day as temporary postmaster. The change was necessary following the resignation of Postmaster Lawrence.

Baughn had secretly secured the endorsement of the Marshall-Gowdy executive committee and had boasted that he had the postoffice in his pocket. The endorsement did not please the great majority of Jamestown citizens and John was buried in effigy in the public square, a very common event to defeated candidates in that village.

There were many epithets but the one that caused most comment in the village read something like this: "No man that ever forged a note or made an assignment will ever be postmaster in Jamestown."

When the civil service examination was held last Friday in Xenia Baughn failed to appear and of course cannot be considered a candidate under the present law.

R. D. WILLIAMSON IS PRESIDENT

At a meeting of the State Board of Agriculture in Columbus last week R. D. Williamson was chosen president of the board, succeeding Wm. Stoop of Dayton, Democrat. Most of the Agricultural business is in Republican hands and it is reported that Gov. Davis does not contemplate any immediate changes in this board. The work of the present board has been very satisfactory to the farming interests of the state and the state fair management was never equaled in the history of the state.

EXTRA GOOD CAR OF FAT CATTLE

Will Rife sold a car of extra good fat cattle to Wm. Hite of Xenia, that was shipped Saturday to a Cleveland packing company. The average weight was about 1370. The cattle had been contracted previously at 12 cents and those who know the cattle market say there was a loss of more than \$1000 to the buyer on the Saturday market.

DINNER GUESTS

The College basketball team played at Marietta last week and while in that city were entertained by G. F. Siegler of this place who is supervisor of music. The boys report a royal reception and regret that they did not win but the handicap of two all-star men in the Marietta line-up was more than the local boys could ever come.

DAVIS CHOPPING AWAY

Governor Davis continues to chop off job-holders about the state house. He dropped the budget commissioner and this work will be done by the state auditor. His biggest slaughter was dropping 43 oil inspectors that will save the state \$50,000 in salaries. Numerous other places will be abolished.

MASONS ATTEND CLUB BANQUET

A delegation of Masons from this place were guests of the Masonic Club in Xenia, Friday night. The chief speaker was John L. Plotron of Dayton, Grand Master of the Ohio lodge. A two course dinner was served by Jacob Kany at seven o'clock to more than 100 persons.

MORE-THAN 1000 NEW MEMBERS

The campaign for new members of The Greene County Farm Bureau has resulted in a membership of more than 1000 members for three years at \$10 a year. The campaign was put on under the direction of the State organization.

HELP STARVING CHILDREN

The campaign for relief of starving children in Europe is now on in this county and has the support of many individuals and churches. There is to be no solicitation of funds but each one interested in this great work is urged to leave the contribution at The Exchange Bank or with S. C. Wright, local chairman. The quota for the county is \$5000. The life of one child can be saved by the payment of \$10. Herbert Hoover is the National Chairman and probably knows more of the critical condition in European countries than any other American.

MASONIC INSPECTION.

The local lodge of Masons, No. 622, was inspected last night by Mr. Huston of Circleville, for the purpose of inspection. Following the work refreshments were served.

The W. A. Collins farm that was left by will to the College, has been turned over to that institution. Mr. Wm. Conley has charge of the farm for the College trustees. Mr. A. G. Collins has rented the land while Len Dalby, who is to farm the land adjoining owned by Mr. Snow Hill, will reside in the dwelling on the Collins land.

## DON'T KICK FOR DEATH AND TAXES ARE SURE

We have never before heard such complaining about the increase in taxes as this year. There has been an increase, but what is the use of "crying over spilt milk." Taxpayers were so busy making money the past few years that they paid little or no attention to legislation that was to increase taxes.

As long as we have the present legislature that taxes this and other school districts and the money divided among other districts on the basis of enrollment and number of teachers, school laws that provide for expensive supervision and the rotten-to-the-core health law, taxpayers can expect to dig deep and pay for these frills.

We formerly had a health law that was operated at little or no expense until the state medical association secured the passage of a bill that could not make a living in the practice of their profession.

Drawing salaries constitutes the only labor of appointees under the present law. And Greene county is no different from other counties in the state where they pay a clamor for a repeal of the present law.

The farm bureaus in the state could make much money for the members by raising a body and demanding a repeal of many laws that have increased taxes and will continue to do so from year to year.

Let's hear how such places are created. It will be necessary to increase property valuations to raise the money for the job holders.

Let's hear more talk about repeal of such laws and not kick about the taxes which must be raised as long as the laws of that kind are on the books.

DE THORNE RESIGNS.

The Ohio State Journal had an excellent editorial last Saturday concerning the resignation and work of Dr. Charles E. Thorne, former resident of this township, who for three decades has been connected with the Ohio Experimental Station at Wooster. While the Board of Control of which Mr. G. B. Jobe of this place is a member, has accepted Dr. Thorne's resignation, he will continue research work in soils and advisor at the station.

The station at Wooster has been a valuable aid to farmers in solving many problems and gathering information in scientific agriculture that has raised the productivity of the soils, handling of crops and selecting and caring for seed after selection.

The Ohio State Journal says: "Dr. Thorne's career has been of value to the state and he retires rich in honor and good work. His successor is Dr. G. W. Williams, lone sister of an alleged plot to burn a number of buildings in Carversville, Champaign county."

Dr. Thorne was born on what is now known as the Township farm on the Townsley road.

SECREATRY TINGLEY LEAVES XENIA

Secretary Lewis Tingley of the Xenia Chamber of Commerce has offered his resignation and goes to accept a similar position at Chicago Heights, Ill., at a salary double what he has received in Xenia. Mr. Tingley has built up a strong organization in the county seat, one that has done much for the growth and future welfare of the city.

VISITS KANSAS CITY MARKET

J. B. Rife was in Kansas City last week where he purchased a car of light feeding cattle. Mr. Rife states that feeders and fat cattle are all the same price at present in the big markets. He reports the best cattle he ever saw in the Kansas City market, good show steers, weighing 1200, only brought \$8.50 and were purchased by an Illinois man to be shipped for feeding. The cattle market is very low due to the enormous amount of corn, the country having much of the 1919 crop with the 1920 crop on hand. Corn in the west is only worth 35 cents a bushel and not much sale for it at that price.

NEXT LECTURE COURSE

The next lecture course number will be given Tuesday evening. It will be a scientific demonstration and lecture combined. Monrville Wood is a noted scientist, who has worked with Edison and who has made several important scientific discoveries. His demonstration of the gyroscopic and the electrically controlled aeroplane will be especially interesting. The play will be open on Saturday, Jan. 22.

# "WE HEAT FROM THE HALL"

Stockholder Gilliam who is to appear at Ross township School, Jan. 21, has written a humorous poem that has a special appeal for the commercial traveler. "We Heat From the Hall" is the title.

"Whence comes the heat?" I asked the hotel man  
As to my stall he gave my gripe of tan.  
"Whence comes the heat to keep me warm and snug  
As that much-touted bugle in a rug?"

"I'll turn the trasson," says the pirate, "then  
The heat that's in he hall will seek your pen  
And warm fine. The radiator stands  
Down yonder where the third floor stairway lands."

I hope that when that landlord goes to where  
Invariably I consign him, he may fare  
As badly as his guests, but from a cause  
Exactly opposite in nature's laws.

And when he is so hot his hair's on fire  
I hope he'll have the rashness to inquire  
"See here, old Nick, could you direct a man  
Where in the—well, where can I get a fan?"

And then I hope that Satan will reply,  
While devilishly winking 't'other eye,  
"There's one just around the corner, if you please,  
But stationary—don't you feel the breeze."

Young Girls.  
If young ladies really do not want  
to be seen, they should take care not  
to let their eyes flash when they dislike  
what people say; and more than that  
it is all nonsense from beginning to  
end about not wanting to be seen. I  
don't know any more tiresome flower  
in the borders than your especially  
modest snowdrop; which one has to  
stoop down and take all sorts of tire-  
some trouble with and nearly break its  
poor little head off before you can see  
it, and they half of it's not worth  
seeing. Girls should be like daisies,  
nices and white, with an edge of red  
if you look close, making the ground  
bright wherever they are.—Buckin.

## OHIO RURAL POLICE

Representative Harding of Warren  
county has introduced a bill in the  
House to provide for three companies  
of Ohio rural police to patrol county  
roads and make life safe for the far-  
mer.

A press communication from some  
organization in Cleveland says this  
bill should pass. We say it should not  
pass.

In the first place there is no demand  
for such a measure from the rural  
population.

In the second place the present ad-  
ministration is pledged to a program  
of economy, pledged to reduce the  
number of officeholders in the state  
and the cost of state government. It  
is impossible to do either and pass  
such a bill that would only add to the  
burden of the tax payers.

This bill has the earmarks of  
coming from special interests al-  
though we do not like to question the  
sincereness of the author. We do know  
that the mine owners have wanted  
such a bill owing to labor troubles  
for some years back. The public is  
not in a frame of mind just now to  
stunt for being taxed for a mine op-  
erator that has been holding up the  
public.

The farmer is in the majority in  
the legislature, and if the special in-  
terests put anything over it must be  
done with the help of the farmer men  
bers.

The press matter at hand states  
that no citizen of the state has less  
protection than the farmer. He is ex-  
posed to plundering and outrage. His  
crops, his horses, his automobiles are  
stolen and frequently his house is  
burglarized.

In comparison the city dweller is  
said to have more protection with the  
city police.

It is true that the cities have more  
police but as the city has more people  
in a given area it is not possible for  
more crime than out in the open. Is  
it not a fact that more crime exists  
in the city with police than in the  
country today with only the protec-  
tion of the constable and the sheriff?

The crook in the city watches from  
a hiding place the movements of the  
policeman, on the beat. When he is  
gone the act of crime is committed.  
How easy would it not be to commit  
crime in the country after the rural  
policeman had been gone an hour on  
his rounds.

Again to police a county like ours  
would not take a hundred or more  
men on duty day and night.

Does the prospect of such an outlay  
of public funds at a time when the  
purse is cramped from our present  
local, county, state and federal taxes  
justify such an outlay? We think  
not and we feel certain that we voice  
the sentiment of the farmers of this  
township when we express open op-  
position to such a bill.

Powder Misapplied.

On the train home from Chicago I  
carried my aunt's parasol and her box  
of powder. Arriving at our home town,  
I handed her the parasol, forgetting I  
had put the powder in it. A crowd of  
town boys was at the station to meet  
the 5:20, including auntie's beau—she  
was a young aunt. As said beau opened  
the parasol for her, the two of them  
were showered with face powder. Did  
the crowd scream! I got mine when  
we reached home.—Exchange.

**ALBERT HAGAR DIES AT HIS OFFICE**

Albert Hagar, 60 Wall street, New York City, prominent attorney and president of The Hagar Straw Board & Paper Co., died suddenly about 10 o'clock Tuesday morning at his office in that city.

So far as known Mr. Hagar was in his usual health. He had at times been troubled with nervousness and some heart attacks but was not regarded to be in a serious condition at any time.

Mr. Hagar has been the directing head of the local company since the resignation of Mr. George Little last summer. He made almost weekly visits here and kept in touch with work in addition to his extensive law practice in that city.

His sisters, Misses Sarah and Gertrude Hagar and Miss Lorena Paulin of Xenia, left that evening for New York. It is probable that the funeral will be held in that city and burial take place on the family burying ground near Boston, where the mother was laid following her death a few weeks ago. Edward Hagar, former president of the company was killed instantly a number of years ago when his automobile overturned on the Columbus pike west of town. Besides the two sisters, the deceased is survived only by a niece, Mrs. Charles Gallows of Chicago.

**DEATH OF MRS. DUFFIELD.**

Mrs. Mary Duffield aged 79, died about 7:30 Wednesday evening at the home of her daughter, Mrs. W. W. Trout.

The deceased was born in Virginia but has been a resident of this place for many years. Her husband, George Duffield, died in 1888.

Mrs. Duffield suffered a paralytic stroke Sabbath night from which she was unable to recover owing to her weakened condition and advanced age. She was a member of the United Presbyterian church and was a woman of kindly disposition and one much devoted to her home life and children. She is survived by three children, Will, of Dayton, James and Mrs. W. W. Trout of this place and a brother, Taylor Swenney of near Alpha. The services will be held from the home of her daughter, Mrs. W. W. Trout, at 1:30 Saturday, burial taking place at Massies Creek cemetery. The services will be in charge of Rev. J. S. E. McMichael of Greensburg, Ind. if it is possible for him to be present, assisted by Rev. J. P. White.

**PUBLIC SALE.**

I will hold a public sale on my farm at the edge of town on the Columbus pike on Saturday, January 29 at 12:30 when the following property will be sold: 2 head of horses; 2 head of milk cows; 14 head of hogs; 700 bushel of corn; 150 shovels of fodder and 1-2 ton of hay and farm implements. G. E. Arnold.

**Poison Bottle Warning.**

To distinguish bottles containing poisons in the dark a sandpaper band to encircle them with an opening for their labels has been invented.

# IMPORTANT ANNOUNCEMENT

(Reprinted From Springfield Papers)

## NEW BUYERS JOIN STAFF OF WREN COMPANY STORE

E. C. DENTON

President E. C. Denton of the Edward Wren Company announced several changes in the store organization Tuesday evening. This he stated is in line with the policy outlined a few months ago when the new owners took charge of this department store. The policy, it was stated, is to give Springfield a bigger and better store.

Mr. Denton in speaking of the future policy of the Edward Wren Company said that no stone will be left unturned to render more efficient and courteous service to its friends and patrons.

The following announcement was issued by President Denton regarding the changes:

"R. H. Fendleton, who comes direct from the Denton company of Cincinnati to take charge of the garment sections of the Wren store, was previously connected with The James McCutcheon & Co. of Fifth avenue, New York city, as manager and buyer of their women's and misses' apparel departments—which connection has given him a wealth of experience here and abroad. He has made frequent trips to Paris and other European style centers.

"Mr. Fendleton's coming as buyer and manager of the garment sections at Wren's store will bring to Springfield a type of merchandise

CHARLES R. RABBITTs

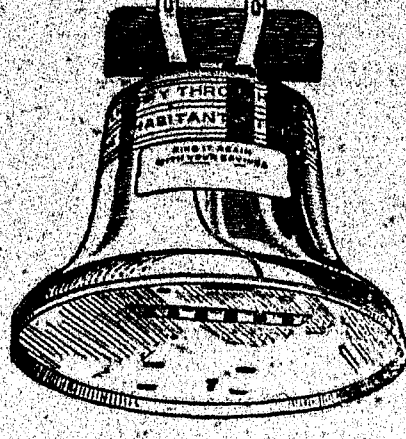

MARGARET O'BRIEN

heretofore procurable only in the best stores of the larger eastern cities. He will assume his duties immediately.

"Miss Margaret O'Brien who has been actively identified with the garment departments at Wren's for a number of years, has been appointed assistant buyer of these important departments.

"Charles R. Rabbitts, well known for many years to fastidious shoppers in Springfield, has been secured to head the blouse, sweater and other kindred departments. Mr. Rabbitts will also assume his duties at once.

Mr. Fendleton will arrive here from Cincinnati Thursday to become identified with the Wren store.

**FARM TRACTOR**

The after-service that goes with the Fordson tractor is second to none. Fordson dealers are located in every community with stocks of repair parts and employing skilled mechanics who know just how the Fordson should be repaired and taken care of to do its best work.

This Fordson service means that your tractor can be kept busy every working day during the entire year; that Fordson repairmen are ready to show you how to get the best results from the tractor.

Fordson service insures you against delay in getting parts. It is your protection now being enjoyed by more than 100,000 Fordson farmers in the United States.

Let us tell you all about the Fordson service. Let us demonstrate the Fordson on your own farm. Come in and let us prove everything we say.
